ABOUT QUALVISION

For over a decade, Qualvision Technology has been a stalwart provider of OEM/ODM services in the security industry. Our range of products covers a wide variety, encompassing video intercom systems, IP video surveillance systems, hybrid HD video surveillance systems, and beyond. Our unwavering dedication lies in empowering our brand partners to achieve heightened success.

With the establishment of four cutting-edge R&D centers in China, we not only furnish state-of-the-art devices, but also deliver cloud technology and services. Our confidence is rooted in our pioneering technologies, which stand shoulder-to-shoulder with industry vanguards, enabling us to offer meticulously tailored services.

Encompassing an expanse of over 20,000 square meters (215278 ft²), our factory stands as a testament to extensive expertise, having guided numerous partners in the establishment of their very own manufacturing facilities.

14^{Year}

14 years of development history

20000+

Factory exceeding 20000 square meters

SECURE OUR LIFE THROUGH QUALITY VISION

BUSINESS PHILOSOPHY

Mission

Embracing a customer-centric approach, we are dedicated to understanding and addressing our customers' challenges and pressures.

We relentlessly strive to fulfill their needs, facilitating their journey towards success.

Vision

To earn the esteemed recognition of being a trusted security OEM/ODM enterprise, valued by both our customers and the industry as a whole.

iQ Sense

Lite AI

ColorView

Smart Dual Light

Active Deterrence

STARlight

SUPERIOR ARTIFICIAL INTELLIGENCE

iQSense

Qualvision's iQSense technology excels in identifying people, vehicles, and non-motorized vehicles, with high accuracy. The specific testing data is as follows:

- Detection (Human & Vehicle) accuracy rate up to 99%
- Human detection distance up to 30m Daytime
(Distance at night may vary depending on the scene)
- Vehicle detection distance up to 50m
(2.8mm fixed-focal camera)

Lite AI

Qualvision's Lite AI technology boasts excellent accuracy in identifying people, vehicles, and non-motorized vehicles, paired with entry-level products to achieve cost-effective applications. The specific test data is as follows:

- Detection (Human & Vehicle) accuracy rate up to 95%
- Human detection distance up to 22m Daytime
(Distance at night may vary depending on the scene)
- Vehicle detection distance up to 34m
(2.8mm fixed-focal camera)

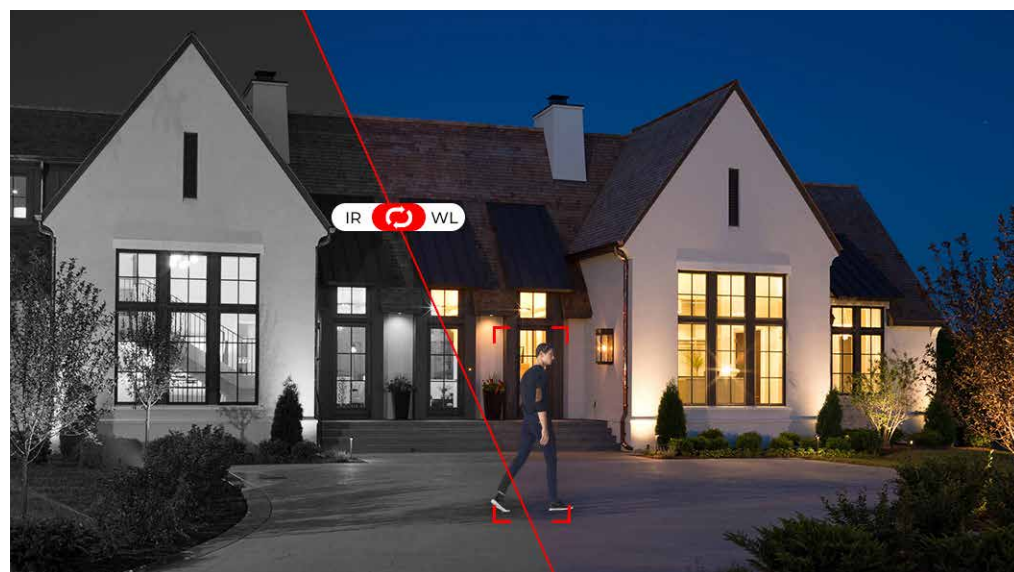

ColorView

A revolutionary color imaging technology boasting numerous cutting-edge configurations. With its 24/7 full color capability, F1.0 large aperture, spacious BSI image sensor, and state-of-the-art advanced ISP (image signal processor), it sets a new standard for unparalleled image quality and performance. Whether it's day or night, this powerhouse ensures you capture vibrant, feel like colors with exceptional clarity and detail. Elevate your imaging experience with ColorView.

Smart Dual Light

Qualvision's Smart Dual Light product provides cost-effective and efficient image recording. It seamlessly transitions between warm and infrared lighting, capturing full-color images for suspicious events at night. Customizable lighting schedules offer flexible operation planning, reducing daily life disruptions. With warm light deterrence technology, it proactively enhances property security, adapting to diverse applications.

Active Deterrence

The Active Deterrence product elevates camera defense capabilities to a whole new level with its active deterrence features. Equipped with a powerful alarm system, red and blue strobe lights, and two-way talk functionality, it offers instant protection precisely when you need it. Customize your siren voice to tailor your security setup to various scenarios. Choose Active Deterrence for personalized, on-demand security that ensures peace of mind.

PanoView

Qualvision's PanoView technology has revolutionized security cameras, expanding their coverage to capture vast panoramas, significantly enhancing video security. PanoView offers three panoramic imaging methods:

- Single sensor with a unique fisheye lens, achieving ultra-wide angles while ensuring minimal distortion.
- Seamless stitching of multiple images using advanced algorithms and multiple sensors.
- Multi-directional views from individual channels, providing a variety of perspectives.

Auto Tracking

Auto tracking is an exclusive technology in Qualvision's PTZ camera system. When a target triggers our Intelligent Video Surveillance (IVS) rule, our camera precisely locks onto it using horizontal/vertical rotation and zoom features. Advanced AI algorithms predict the object's movement, ensuring continuous, precise tracking. This cutting-edge technology keeps your surveillance focused on what matters most.

RAID

In Qualvision's storage solutions, we offer a range of RAID configurations, including RAID 0, 1, 5, and 10, to cater to your data protection and performance needs.

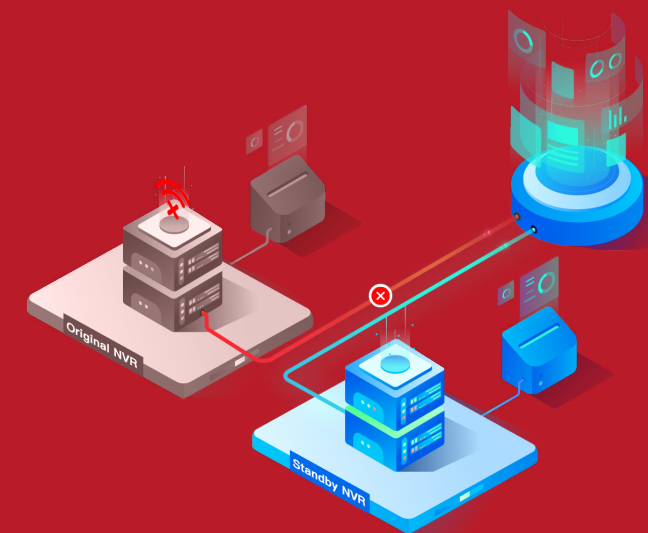

When hard drives within your RAID array experience failures, our systems provide a seamless solution. By employing a function that calculates and reconstructs the RAID configuration, we ensure that data from the remaining healthy hard drives is efficiently supplied to the newly introduced replacement drive. This means that your data remains accessible and protected, minimizing downtime and potential data loss. With Qualvision's RAID technology, your data remains safeguarded even in the face of hardware failures.

N+1 Hot Spare

Qualvision's N+1 Hot Spare feature ensures uninterrupted system operation even in the event of an NVR failure. When the primary NVR (referred to as NVR X) experiences a breakdown, the standby NVR seamlessly steps in to take over its functions, ensuring continuous system functionality.

Our Standby NVR technology is designed to handle the transition smoothly, and once the network is restored, recorded video seamlessly transfers back to the original NVR (NVR 1). It's important to note that our backup NVR can efficiently take over one offline device at a time, ensuring a robust and resilient surveillance system that minimizes disruptions and data loss. With Qualvision's N+1 Hot Spare feature, you can trust in the reliability and continuity of your surveillance infrastructure.

User Experience

- Cross-platform and uniform design make it easy for end users to learn and use.
- Cloud servers are deployed worldwide for faster remote access and connections.
- Support for different web browsers, such as Google Chrome, Firefox, and Edge.
- Compatibility with both Windows and iOS system on desktop computers.
- Support for various of Android and iOS mobile phones.

IPC Ultra Series

Qualvision Ultra Series IPCs deliver continuous, vibrant, full-color images, even in low-light conditions, thanks to ColorView technology. Additionally, the Ultra Series features the intelligent iQSense algorithm, which focuses on human and vehicle targets, streamlining subject identification when reviewing video footage.

Key features

- 24/7 High-quality, full-color images
- 1.8-inch image sensor with an F1.0 aperture for exceptional image quality
- 130dB True WDR
- Efficient H.265 & H.265+ compression

Model	QV-IPC913823B61-TPMSCD
Appearance	
Max. Image Resolution	8MP (5120 x 1440) @ 20 fps
Image Sensor	2 x 1/1.8" Progressive Scan CMOS Sensor
Min. Illumination	0.0008Lux (Color), 0Lux with light
Illumination Distance	40m (Warm Light)
Strobe Light	N/A
Focal Length	4 mm @ F1.0
FOV	Horizontal: 180° ± 10° , Vertical: 44°
Video Compression	H.264/H.264+/H.265/H.265+/MJPEG
Triple Streams	Support
Wide Dynamic Range	130 dB
Basic Event	Smart Motion Detection(human and vehicle), Video Shelter
Smart Event	Line Crossing Detection, Area Intrusion, Region Entrance, Region Exiting (human and vehicle)
Face Detection	N/A
On-board Storage	Up to 256GB
MIC	Support
Speaker	Support
Audio I/O	1/1
Alarm I/O	1/1
Operating Conditions	-40° C ~ 60° C (-40° F ~ 140° F), Humidity 95% or less (non-condensing)
Power Supply	DC12V ± 25%, PoE (802.3 af)
Power Consumption	MAX. 11 W
Protection Level	IP67
Dimensions	120 x 105 x 327 mm (4.73" x 4.13" x 12.88")

Model	QV-IPC61361AC2F-TPMDZ	QV-IPC6A81CC2F-TPMDZ
Appearance		
Max. Image Resolution	6M(3200 x 1800) @ 25fps	8MP (5120 x 1440) @ 20 fps
Image Sensor	1/2.8" Progressive scan CMOS Sensor	1/1.8" Progressive Scan CMOS Sensor
Min. Illumination	0.006Lux (Color), 0Lux (IR on)	0.002Lux (Color), 0Lux (IR on)
Illumination Distance	100m(IR Light)	100m(IR Light)
Strobe Light	N/A	
Focal Length	5 ~ 50mm	8 ~ 32mm
FOV	Horizontal: 48.3° ~ 9.1° , Vertical: 27.1° ~ 5.1° , Diagonal: 54.0° ~ 10.5°	Horizontal: 42.5° ~ 15.1° , Vertical: 23.6° ~ 8.6° , Diagonal: 47.7° ~ 17.4°
Video Compression	H.264/H.264+/H.265/H.265+	
Triple Streams	Support	
Wide Dynamic Range	120 dB	WDR & DWDR
Basic Event	Smart Motion Detection(human and vehicle), Video Shelter	
Smart Event	Line Crossing Detection, Area Intrusion, Region Entrance, Region Exiting (human and vehicle), Scene Change Detection	Line Crossing Detection, Area Intrusion, Region Entrance, Region Exiting (human and vehicle), Unattended Object, Object Missing, Fast Moving, Loitering Detection, People Gathering Detection, Parking Detection, Blurred Detection, Scene Change Detection, Audio Exception Detection, Crossing Line Statistics
Face Detection	Support	
On-board Storage	Up to 256GB	Up to 128GB

IPC Pro Series

Qualvision Pro Series IPCs offer budget-conscious customers unparalleled performance. Powered by iQSense algorithms, the Pro Series enables precise classification alarms for human and vehicle targets on both front-end and back-end devices. Selected products in this series are equipped with sirens and strobe lights for effective deterrence and intervention.

Key features

- Precise VCA functions with iQSense technology
- Active deterrence functionality
- Efficient H.265 & H.265+ compression

IPC Value Series

Qualvision Value Series IPCs offer intelligent, straightforward, and cost-effective solutions. With essential features like WDR, starlight, Easy AI, and the latest dual illumination technology, this series sets the standard for distribution markets.

Key features

- Affordable Easy AI
- Smart dual light
- Efficient H.265 & H.265+ compression
- Choose Qualvision Easy Series IPCs for budget-friendly, feature-rich options

NVR Ultra Series

The Qualvision Ultra Series NVRs offer superior storage and robust recording capabilities. They enable video decoding and output in up to 8K resolution, thanks to advanced hardware and powerful 8-core SOCs (RA series). The Ultra Series is the ideal option for professional surveillance projects.

Key features

- Supports up to 128CH access and accommodates 16 HDDs for storage.
- Decodes up to 8 channels in 4K, 16 channels in 4M, or 32 channels in 1080p
- Provides RAID 0, RAID 1, RAID 5, and N+1 hot spare support, enhancing data storage reliability and reducing the risk of data loss
- Features dual 2.5Gbps network connectivity and supports four independent HDMI displays
- Offers up to 1Gbps bandwidth
- Future plans include support for AI functions on the NVR side, streamlining operations
- This optimized expression highlights the NVR's key features and benefits concisely

NVR Pro Series

Qualvision Pro Series NVRs offer exceptional performance and value, delivering efficient bandwidth and storage management. These NVRs feature plug-and-play functionality, allowing easy access to IP cameras and supporting a wide range of smart camera-side functions. Additionally, in the near future, this series will introduce advanced intelligence features on the NVR side. The Pro Series is the perfect solution for small to medium-sized businesses.

Key features

- Rapid target search
- Up to 4 channels of 4K or 16 channels of 1080p decoding
- Long-distance network transmission, reaching up to 300 meters
- Dual 1000Mbps network ports and dual HDMI display support
- Compatibility with people counting cameras, PTZ cameras, fisheye cameras, dual-lens cameras, and POS text overlay

NVR Value Series

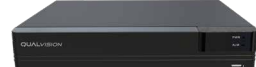

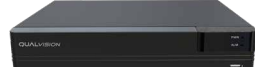

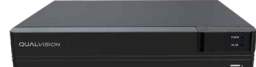

Qualvision Value Series NVRs offer a cost-effective solution for customers, prioritizing simplicity in video recording, live viewing, and playback.

Key features

- Budget-friendly pricing
- Support for up to 1 channel of 4K, 3 channels of 4MP, or 6 channels of 1080p decoding
- Plug-and-play functionality for PoE (Power over Ethernet) devices
- User-friendly and easy to operate

UVC Pro Series

The Qualvision Pro Series UVCs are ideal for SMB solutions and projects demanding top-notch reliability and flexibility. These cameras boast true WDR, ensuring clear and detailed images even in challenging lighting conditions. Moreover, the series offers models that deliver full-color images day and night.

Key features

- Up to 4K high-quality imaging
- True WDR for superior image quality
- 24/7 availability of full-color imaging
- 4-in-1 video output for versatile connectivity
- Audio over coaxial for enhanced functionality

UVC Value Series

Qualvision Value Series UVCs offer simple and highly cost-effective HD solutions, meeting the requirement of 24/7 reliable monitoring with high-quality image performance, and saving budget for customers on both devices and labor. Its structural flexibility and high cost-performance makes the camera an ideal choice for SMB solutions.

Key features

- Cost-effective saving your budget
- 24/7 full-color available
- Smart dual light available
- 4-in-1 video output
- Audio over coaxial

UVR Pro Series

Qualvision Pro Series UVRs support 4K HD video recording, 4K resolution output, and adopt deep learning technology. They support smart motion detection, perimeter protection, face detection, etc. The Pro Series is the ideal solution for distribution and small to medium-sized businesses.

Key features

- Smart Motion Detection with human and vehicle classification
- 5-in-1 adaptive signal input (TVI/AHD/CVI/CVBS/IP)
- Network camera access capability
- Ultra HD, compatible with cameras of up to 4K resolution
- Audio over coaxial

UVR Value Series

Qualvision Value Series UVRs offer cost-effective and high-quality video security. They deliver high-quality video monitoring with H.265 Pro+ and H.265 compression technologies, up to 5 MP HD encoding ability, and great durability. In addition, UVRs can support smart motion detection and perimeter protection even if not supported by cameras.

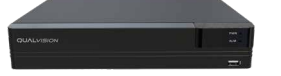

Key features

- Smart Motion Detection with human and vehicle classification
- 5-in-1 Adaptive signal input(TVI/AHD/CVI/CVBS/IP)
- Network camera access capability
- Ultra HD, compatible with cameras of up to 4K resolution
- Audio over coaxial

	Up to 2MP resolution			
Audio Input	4-ch RCA (2.0Vp-p, 1kΩ)		1-ch RCA (2.0Vp-p, 1kΩ)	
	16-ch via coaxial cable		8-ch via coaxial cable	4-ch via coaxial cable
Bandwidth	64Mbps		60Mbps	30Mbps
HDMI	1-ch, resolution: 1920 × 1080/60Hz, 1280 × 1024/60Hz, 1280 × 720/60Hz			
VGA	1-ch, resolution: 1920 × 1080/60Hz, 1280 × 1024/60Hz, 1280 × 720/60Hz			
Audio Output	1-ch, RCA (Linear, 1kΩ)			
Encoding Resolution	1080P Lite/960H/D1/CIF			
Resolution	16-ch 1080P Lite @ 12fps; 960H/D1/CIF real time		4-ch 1080P lite @ 12fps; 960H1/D1/CIF real time	
Smart Motion Detection Plus	8-ch based on human and vehicle		4-ch based on human and vehicle	
Perimeter Protection	N/A			
Smart Detection for Analog	2-ch Line Crossing Detection, Area Intrusion Detection			1-ch Line Crossing Detection, Area Intrusion Detection
Ethernet	1 RJ-45 10/100 Mbps self-adaptive Ethernet interface			
SATA	2 SATA interfaces	1 SATA interface		
Capacity	Up to 8TB capacity for each HDD			
Serial Interface	N/A			
USB Interface	Front panel: 1 × USB 2.0, Rear panel: 1 × USB 2.0			
Alarm Input	N/A			
Alarm Output	N/A			
Power Supply	DC12V, 4A	DC12V, 2A		
Power Consumption	≤ 10W (without HDD)			
Working Environment	-10° C ~ 55° C (14° F ~ 131° F), Humidity 10% to 90%			
Dimension (W × D × H)	326 × 243 × 52 mm (12.83" × 9.56" × 2.05")	250 × 233 × 45 mm (9.84" × 9.17" × 1.77")	250 × 230 × 45 mm (9.84" × 9.11" × 1.77")	
Weight (without HDD)	2.3 kg (5.07 lb)	1.5 kg (3.3 lb)	1.5 kg (3.3 lb)	1.3 kg (3.3 lb)
